EDUCATION

- | | |
|---|-------------|
| B.E. in Computer Science & Engineering , SKSVMACET, VTU Belagavi | 2021 – 2025 |
| • CGPA: 7.76 | |
| P.U.C. , Govt. PU College, Shalavadi | 2019 – 2021 |
| • Percentage: 75.83% | |

SKILLS

- Proficient in full-stack web development using Java, JavaScript and modern frameworks (React, Node).
- Experienced in database design, information security, authentication and access control.
- Strong understanding of data structures and algorithms for optimization and efficiency.

ACADEMIC PROJECTS

- **Secured Data Hub Collaboration (Hackathon Project)** – Designed a secure collaborative platform enabling data sharing across institutions. Implemented authentication and admin dashboards.
Technologies: PHP, HTML5, CSS, MySQL.
Link: github.com/Rajashekharvn/secured-data-hub
- **Centralized Certificate Management System** – System for faculty and students to upload and verify FDP/SDP certificates with structured storage and verification workflows.
Technologies: HTML, MySQL, JavaScript.
Link: github.com/Rajashekharvn/certificate-management
- **Hamster Combat Key Generator** – Java GUI application to generate and validate keys.
Technologies: Java, API, SQL, HTML, CSS.
Link: github.com/Rajashekharvn/hamster-key-generator
- **Personal Portfolio Website** – Dynamic responsive portfolio using React to showcase projects, resume and contact details with smooth animations and deployment to Vercel.
Technologies: JSON, React.js, JavaScript, HTML, CSS, Bootstrap, Vercel.
Link: github.com/Rajashekharvn/PORTFOLIO

INTERNSHIPS / TRAINING

- **Rooman Technologies (2025)** – Worked on cloud-based applications focusing on distributed deployment and fault-tolerant systems.
- **IBM Career Education Program (Apr 2025)** – Certificate: Scalable Web Hosting Using Auto-Scaling & Load Balancing on IBM Cloud.
- **AMBA Software, Hubli — Python Full Stack (Django) Internship (2024)** – Implemented authentication modules, database-driven dashboards and API endpoints; learned Django ORM and secure login flows.

ACHIEVEMENTS & AWARDS

- State-level Chess Competition (2nd Place) — strategic thinking and decision-making under pressure.
- Mini-Project Exhibition (3rd Place) — recognized for innovative design and teamwork.
- Workshop Organizer — conducted a 2-day Java workshop covering OOPs and JDBC.

STRENGTHS & HOBBIES

- **Strengths:** Highly organized, disciplined self-learner, effective time-manager with strong communication.
- **Hobbies:** Chess (state-level player), table tennis, exploring open-source projects and documenting new technologies.

I hereby declare that the above information is true to the best of my knowledge.
